My dear Matthan,

In connection with the Civil Service Examination notification I herewith send a representation received from one Mr. Tirumalachar B.Sc. in regard to the rule about the age limit of the candidates.

As you may be aware, in connection with the earlier examinations, the age limit was fixed at 25 in the case of ordinary candidates and 30 in the case of persons already in Government service or at the Bar. If I recollect right this concession was taken away in the rules of 1913 when the examination was confined to Mysoreans by birth or domicil. In any case a line has to be drawn somewhere and there will always be some cases just passing the line whose rejection would be felt too hard. The imposition of this age limit is more largely a question of policy of Government rather than one relating to the details of the examination. The Chairman of the Board with whom I had a discussion in the matter has desired me to submit the representation for the orders of Government and to say that he does not wish to express any opinion on behalf of the Board for the reason previously stated viz. that it is a question more of a policy of Government rather than one of detail for the Board. The correspondence in the matter is also enclosed for reference and for kind return.

Yours sincerely,

C. Balasundaramayya
